

Appl. No. 10/811,415  
Amdt. Dated November 7, 2007  
Reply to Office Action of September 19, 2007

## REMARKS

### Status of Claims

Claims 1-7, 9, and 13-17 are canceled, and claim 8 is amended.

### Terminal Disclaimer

The Examiner is thanked for acknowledging receipt and acceptance of the Terminal Disclaimer submitted June 26, 2007, which addresses US Patent 7,115,013.

### Claim Rejections Under 35 U.S.C. 103

Claims 1, 3-6, 13 and 15-17 are rejected under 35 U.S.C. 103(a) as being unpatentable over Park et al. (2003/0027478 A1) in view of Dai et al. (US 6,232,706).

Applicants have canceled claims 1, 3-6, 13 and 15-17, and thus the rejection is rendered moot.

Claim 7 is rejected under 35 U.S.C. 103(a) as being unpatentable over Park et al. (2003/0027478 A1) in view of Dai et al. (US 6,232,706), and further in view of Jin (US 6,286,226).

Applicants have canceled claim 7, and thus the rejection is rendered moot.

Appl. No. 10/811,415  
Amdt. Dated November 7, 2007  
Reply to Office Action of September 19, 2007

**Allowable Subject Matter**

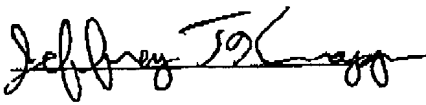

The Examiner has indicated that "claims 9-12 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims", for which courtesy the Examiner is thanked.

The pertinent portion of claim 9 has now been incorporated into independent claim 8. Accordingly, Applicants submit that claim 8 is now in condition for allowance, as are claims 10-12 depending therefrom.

**Conclusion**

For all the above reasons, Applicants assert that all the pending claims are now in proper form and are patentably distinguishable over the prior art. Therefore Applicants submit that this application is now in condition for allowance, and an action to this effect is earnestly requested.

Respectfully submitted,  
Liang Liu et al.
